Edgmont History - Spelling of Edgmont

Over the years there have been many questions and a great deal of speculation as to why the name of the club is spelled without the middle "e". Some have said it was to save time, ink, and money. Others have said because the first sign arrived spelled that way.

The purpose of this article is to set straight the story of the spelling the Club's name.

The Township, which was incorporated in 1687, references in its history early documents spelling it "Edgemond", "Edgmond", "Edgemont" or "Edgmont", with the Township officially settling on "Edgmont" in the nineteenth century.

Like many other prestigious golf courses around the world the course was named after the local area "Edgmont", without the middle "e".

The United States Postal Service established a post office in the township in 1823 however in 1891 the U.S. Geological Survey, which names places for the federal government, decided on the spelling "Edgemont" with the middle "e" even though the township officially spelled it without the middle "e".

This makes the Club's postal address have the two different spellings:

Edgmont Country Club
5180 West Chester Pike
PO Box 207
Edgemont, PA 19028

Just to add to the name confusion - since most of the on line map services are based on postal delivery routes and not physical addresses to find the club on an online map the address is:

Edgmont Country Club
5180 West Chester Pike
Newtown Square, PA 19073
